From the Senator

Dear Friends,

On January 3rd I held my first town meeting of the new millennium in my hometown of Loveland. To continue my pledge to hold a town meeting in each of Colorado's 63 counties annually, I will be hosting 51 public meetings throughout the month of January. I invite every Coloradoan to share their opinions, thoughts and concerns at the town meeting in their county. The remaining January town meeting are listed to the left or you can access a complete listing on my web site at <http://allard.senate.gov>. I hope to see you there!

Sincerely,

Wayne

Allard Capital Conference 2000

I am pleased to announce that applications for the 2000 conference are available on January 10. Please contact the office nearest you for an application or more information. Capital Conference information is also available through my redesigned web site at <http://allard.senate.gov>. You can apply online and view photos from last year's conference. Check it out!

Great Sand Dunes Nat'l Monument

On December 18, 1999 I was delighted to join Senator Campbell and Representative McInnis in welcoming Interior Secretary Bruce Babbitt to tour the Great Sand Dunes. The visit was an effort to promote designating the Sand Dunes as a national park. The expansion and upgrade of the Sand Dunes is a locally driven initiative and a process that I strongly support. In the coming months, I look forward to working with all interested parties on resolving the unanswered questions and developing ideas to protect the Great Sand Dunes.

Affordable Housing Hearing

As Chairman of the Senate Housing and Transportation Subcommittee, I conducted a Senate field hearing last month, in Denver, on the issue of affordable housing. Numerous witnesses from local, state, and federal housing agencies, tenant organizations and housing advocacy groups, as well as non-profit and business organizations participated. The hearing was a great success and I hope to hold similar field hearings in the future.
